BRYAN EXPLAINS THAT ROOSEVELT IS NO DEMOCRAT

Sage of Lincoln, Guest of Honor at Banquet, Attempts to Answer Question What is a Democrat to Washington Hosts in After Dinner Speech.

SPEAKS AT A MASS MEETING

Washington, Nov. 27.—William J. Bryan was last night tendered a banquet and reception by "The United Democracy of the District of Columbia." Five hundred Democrats partook of the three dollar dinner and more than double that number participated in the reception and feast of oratory which followed. The speech of Bryan, like half a dozen shorter ones in his praise which preceded it, afforded an opportunity for repeated and continued demonstrations of political accord and personal regard for the guest of honor.

Mr. Bryan utilized the occasion to set forth at length the closely reasoned analogy between the policies of President Roosevelt and those he believes should be adopted in the administration of the government. From this view point Bryan's speech was regarded by the Democrats who heard it as a decidedly important and timely party deliverance.

Mr. Bryan's subject was "The Point of View" and his speech consisted of illustrations of the difference in the point of view from which questions are examined. He proceeded to point out things which the president has borrowed, Democratic and non-Democratic doctrines which he has advanced. These are: Railroad regulation; enforcement of laws against trusts; advocacy of income tax; recommendation of arbitration in labor disputes. Here, Mr. Bryan says, are four policies which the president has endorsed which are distinctly Democratic, and which were being urged by the Democratic party for from five to twelve years before President Roosevelt ever said a word in their favor, and it is a significant fact that they are the very things that have given him popularity.

The speaker then considered the Democratic doctrines which he said the president has not endorsed. Summarized these are:

The election of senators by a direct vote of the people; independence of the Philippines and tariff reform.

Bryan then called attention to what he termed "some very un-Democratic doctrines, which the president has announced." First of these is "national incorporation of railroads and other interstate commerce corporations, and this is in line with the school system in California. Democrats insist upon the recognition of the rights of the state over domestic affairs. The ship subsidy is another; an asset currency a third, and fourth, a military spirit entirely out of harmony with Democratic ideals and Democratic ideals."

Mr. Bryan took up each of these various points and dissected them in accordance with his own views and the policy of his party. He praised the president for adopting certain Democratic measures, and criticized him for rejecting others. He was glad to note the growth of reform sentiment in the Republican party, but thought it slow.

The speaker proceeded to discuss the difference between the Republican and Democratic points of view of government, which in brief was that Democrats believed the government should be as near the people as possible and want federal remedies added to, not substituted for state remedies. These he considered directly opposed to the Republican view.

The position of the two parties as to trusts, tariffs, regulation of railroads and arbitration of finances were considered in detail. In conclusion he said: "The time is ripe for a Democratic appeal to the Democratic sentiment of the country. There is no doubt that a large majority of the people take a Democratic rather than an aristocratic, view of government and of society. All that we have to do is to convince the people that the party can be trusted to be Democratic if entrusted with powers. I believe that in coming to congress our Democratic senators and representatives will prove themselves equal to the task imposed upon them and demonstrate principles. With the united party we can face a divided opposition and enter the campaign with the assurance of victory."

Spoke at Labor Meeting.

Washington, Nov. 27.—William J. Bryan and Samuel Gompers, of the American Federation of Labor, were the principal speakers at a mass meeting here.

WANDERED AWAY FROM HOME AND RETURNED WITH THROAT CUT--SLIGHTLY BEWILDERED

Mr. Ashley Robertson Was Absent Twenty-Four Hours and Had Strange Experience.

With his clothing covered with blood from a knife wound in the neck, Mr. Ashley Robertson, a well known citizen, appeared at his home at Ninth and Clay streets this morning at 7 o'clock after having been unaccountably absent 24 hours.

Mr. Robertson resigned several months ago as a member of the school board from the Second ward and was sent to the asylum at his own request, as he feared that he was losing his mind. After remaining at the institution several weeks he returned home and was believed to have been permanently cured, but recently became worse again, but was not thought to be in a dangerous condition. Yesterday he left his home, saying he believed he would go to his father's farm in the county for a few days' rest and nothing more was

thought of it until yesterday afternoon, when his father came to the city and reported that his son was not at the farm. Mrs. Robertson became alarmed and informed the police, but all search for him was unavailing, until he came home with the wound in his throat.

He said he met a party of hunters yesterday afternoon in the woods beyond Lang park and that they took his knife away from him and cut his throat. He said that when he came to himself it was dark and he was unable to find his way out of the woods until daylight this morning. Mr. Robertson's unfortunate condition is deeply deplored by his many friends and a close watch will be kept on his movements until he recovers from the dementia, which is believed to be only temporary.

SON SAVES WOMAN WHO ATTEMPTED TO KILL HIM IN BED

St. Louis, Nov. 27.—Covered with his life's blood, Philip Smith, 22 years old, saved his mother's life after she had tried to kill him. The mother, Mrs. E. B. Smith, who is believed to be insane, early today crept into her son's room and cut his throat from ear to ear. He struggled with her, but lost strength and she escaped from him and rushed to a cistern. Her son followed and held her from jumping in the water until aid came. The woman was taken to a hospital. The son will recover, but is now weak from loss of blood.

NO LONGER AUTOCRAT

St. Petersburg, Nov. 27.—The ducal decree that the title of autocrat, which has been borne by the emperor of Russia for centuries, is no longer tenable within the Russian state and is incompatible with the regime inaugurated by the manifesto issued by Emperor Nicholas on October 30, 1905. At the close of a great constitutional debate the Russian parliament by a vote of 112 to 246, rejected the word "autocrat."

ED MANN HELD

Metropolis, Ill., Nov. 27.—(Special)—Ed Mann, the young man charged with criminally assaulting Mary Robinson a few nights ago, waived examination in police court this morning, and was held to the grand jury under bond of \$1,000, his father, Ernest Mann, Thomas Stewart and L. R. Sturgis being his bondsmen. The grand jury meets in January. Miss Robinson was not able to attend the hearing.

Two couples were married here today. Thomas Thompson, a blacksmith of Paducah, and Miss Luisa Deavers, of the same city, were married by Magistrate Liggett.

T. O. Jenkins and Cornelia Dunbar, both of Princeton, Ky., were also married.

THE WEATHER.

RAIN

Rain tonight, except fair in extreme east portion. Warner. Thursday rain. Highest temperature yesterday, 60; lowest today, 38.

His Ideal

Chicago, Nov. 27.—Col. Pink Marshall Hardesty, from a portion of the state of Kentucky to the jury unknown, came yesterday to Chicago to seek the owner of a face that had appealed to him from the label of a bottle, that had contained a certain brand of rye whisky. The colonel found the face, but he also found that it was the property of another. Miss Bonnie Delario, 1462 Roscoe street, was the original. The colonel went to that address and sought the girl. He found that she was the wife of Leo Burkhardt and that his dream of happiness was at an end.

DELAYED BY DERAILMENT

A derailment of fourteen cars of a freight train at McHenry station, above Central City, last night caused passenger No. 103, from Louisville, due to reach Paducah at 4:45 a. m., to be seven hours late. A like accident last Saturday, at Graham's, a few miles above McHenry, caused a delay of several hours. The derailment last night was caused by a flange breaking, while the train was running at slow speed.

THE INFANT DAUGHTER OF MR. AND MRS. HOLLAND DIES.

The two-months-old daughter of Mr. and Mrs. J. W. Holland, of 1125 North Twelfth street, died yesterday morning at 7 o'clock. The funeral was this afternoon at 2 o'clock. The burial was in Oak Grove cemetery.

STREET CAR AND WAGON COLLIDED

In a collision this morning between a Third street car, in charge of Motor man "Duke" Williams, and a wagon at Third and Washington streets, Samuel Bryant, 1214 South Seventh street, driver of the wagon, was thrown out and sustained a broken collar bone and Rollie Bryant, his companion, was bruised and sustained a sprained ankle. Neither the horse nor the wagon was damaged. Bryant was driving across the track when the collision occurred.

The burglars entered the car by breaking the seal and prizing open the door of the refrigerator car. While a large hole was made in the pile of meat near the door, how much was stolen will not be known until the company unloads and checks the meat today.

The burglary was reported to the police and an investigation is being made by the department today.

THIEF WILL HAVE BACON ON TABLE ON THANKSGIVING

Bacon will probably be on the Thanksgiving menu at the home of some Paducah burglar tomorrow if Mr. Burglar is so fortunate as to have one, as a large quantity of the meat was stolen from a car standing on the switch at the company's warehouse near Second and Washington streets last night.

The burglars entered the car by breaking the seal and prizing open the door of the refrigerator car. While a large hole was made in the pile of meat near the door, how much was stolen will not be known until the company unloads and checks the meat today.

The burglary was reported to the police and an investigation is being made by the department today.

HOUSE REFUSES TO CONCUR WITH SENATE ON BILL

Springfield, Ill., Nov. 27.—The primary election conference committee today agreed and reported to the senate, that body adopting their report by a vote of 42 to 4. Presidential electors and delegates to the national conventions are eliminated from the bill. Precinct committeemen constitute the county committee and county committeemen will hold and select delegates to the congressional and state conventions, the latter two to elect delegates to the national conventions and the state convention to formulate the platform.

The Democratic members of the conference committee signed a minority report in the form of the McGorty amendment and presented it to the house.

The senate passed Alen's deep waterway bill with the emergency clause by a vote of four to two, and the state treasury interest bill.

House Refuses to Concur.
After a session of three hours the house voted by 84 to 33 not to concur in the report of the conference committee. The house passed a joint resolution which was adopted by the senate, to adjourn until January 14.

Deep Waterway.
Springfield, Ill., Nov. 27.—Deep water legislation came in earnest today when the senate passed, without the emergency clause, the Allen-Lantz navigability bill empowering the governor and attorney general to proceed to remove all obstructions from the Des Plaines and Illinois rivers. While the senate was enacting this bill, the house sent to a second reading another bill introduced by Lantz providing that no dam or other obstruction shall be placed in either of these waterways without express authority from the legislature.

Action came immediately after Gov. Denen had laid before the body his special message on the subject.

QUIET TOMORROW IN ALL LINES OF WORK IN PADUCAH

Stores, Schools, Shops, Banks, Postoffice and Public Offices Will Be Closed in General Observance of Day—Services at Churches.

FOOTBALL IN THE AFTERNOON

Thanksgiving will be observed tomorrow in Paducah more strictly than it ever has been before. All the retail stores will close, and, of course, the banks, postoffice, where usual holiday hours will be observed, the railroad shops and most city and county offices, most of the manufacturing concerns and all other enterprises.

Schools close for the week tonight.

The Sun will get out a noon edition, giving all the news of the day up to that time. Since the holiday is being observed everywhere else as well as here, there will be little news, unless in the nature of some calamity, in which event The Sun will be in shape to handle the news as it comes in.

Many of the churches will have special services. Next year, it is understood, a movement will be instituted to have union Thanksgiving services at two or three different places.

Tomorrow morning the First Presbyterian, the First Christian, Grace Episcopal, First Baptist and Cumberland Presbyterian churches will have services at the usual hours. At night the German Lutheran and German Evangelical churches will have services. Sunriser prayer meeting will be held at the Mechanicsburg Methodist church, followed by an Old Folks' prayer meeting at 2 o'clock. Weston was driving across the track when the collision occurred.

At the Kentucky avenue Presbyterian the Christian Endeavor society will have sunrise prayer meeting.

Tomorrow afternoon a football game will be played at League park between the Culleys and the Cairo, Ill., team. Many hunting parties have been organized, and other amusements planned for the remainder of the day.

Mrs. Turner will talk to the children in the public library tomorrow afternoon at 4 o'clock.

The city and freight offices of the I. C. railroad and of the N. C. & St. L. will be closed all day Thanksgiving.

MINISTERS ARRIVING

The Rev. G. T. Sullivan and family will arrive this evening from Paris, Tenn., and will be at the parsonage, 109 North Seventh street. The ladies of the Broadway Methodist church will have dinner served for them and the parsonage in attractive order to welcome them.

The Rev. H. B. Terry will arrive this week to assume the pastorate of the Third street Methodist church. His daughter Katherine has been ill of pneumonia.

J. B. FOSTER DIES

Smithland, Ky., Nov. 27.—(Special)—After five days' illness of prostration, Mr. J. B. Foster, one of the best known farmers of Livingston county, died last night at his home 15 miles from here. He did a hard day's work Thursday last, and awoke this morning paralyzed in his legs. He grew rapidly worse until the end. Among his children are Mrs. Charles Retter, 1711 Madison street, Paducah; Mrs. E. R. Goodloe, Little Cypress, and O. L. Foster, a hardware dealer of Carrsville. The funeral took place today at the Buley Bluff cemetery.

A new order now in effect increases the tonnage of freight trains between Paducah and Princeton from 1,100 to 1,200 tons to 1,600 and 1,800 tons, the smaller tonnage being handled only by second class freight trains with a manifest loading.

An extra engine will be supplied to push the trains carrying increased tonnage over Iron hill. The increase in tonnage is made possible since the new engines have been received and put in commission on this run, the larger of the old runs being used to haul the second class trains.

MISS EDITH ROOT AND U. S. GRANT MARRIED TODAY

Washington, Nov. 27.—Guests and members of the wedding party have assembled for the marriage of Miss Edith Root, to Lieut. U. S. Grant, III., at the home of the bride's parents this afternoon at 4 o'clock. It will be elaborate. Many gifts were received, among them a painting from the Roosevelt's of the south porch of the white house, where the courtship began.

STREET CAR STRIKE IS OFF IN LOUISVILLE; MEN VOTE TO RETURN UNCONDITIONALLY

MRS. BRADLEY SAID SHE MIGHT BLOW OFF HEAD

Has Lasted Twelve Days and Caused Unusual Amount of Rioting and Blood Shed, Without Doing Any Good.

Judge Morris Administers Rebuke to Arthur Goebel and Powers' Brother-in-Law for Following Sheriff.

Louisville, Ky., Nov. 27.—The strike of 750 union employees of the Louisville Street Railway company was called off by a vote taken by the men last evening. The men made no conditions, acknowledged themselves beaten, but the officials of the company announced that they will employ the strikers who apply as individuals and who have not been implicated in acts of violence during the strike. The strike lasted twelve days and was marked by two severe collisions between large crowds of sympathizers and the police, aside from smaller affairs.

The number of persons injured as a result of these clashes is estimated at 30 and the number of arrests made total 100.

The Powers Case.
Georgetown, Ky., Nov. 27. (Special)—Powers' attorneys withdrew motion to discharge the second Grant county venire. Democratic juror Price quit the box. Judge Morris administered a severe rebuke to both sides for the part taken in summoning the jurors, saying had he known it, he would have ordered the arrest of Arthur Goebel and W. H. Green, Powers' brother-in-law, for following the sheriffs around. The work of selecting the jury was continued this afternoon.

Saloonmen Arrested.
Chicago, Nov. 27.—Eight saloonkeepers were arrested last night charged with having violated the Sunday closing ordinances. The warrants were sworn to by attorneys for the Chicago Law and Order League. The arrests followed a conference between representatives of the league and municipal judges, Newcomer and Beller. The prisoners were released on bonds of \$300 each and their cases set for tomorrow morning.

SCHOFIELD DISMISSED

Sam Schofield, the Mayfield negro, charged by inmates of a disorderly house in that city with being a bootlegger, was dismissed at his preliminary hearing before W. A. Gardner, United States commissioner, today.

MRS. CARRIE RINKLEFF

Constantinople, Nov. 27.—According to reports received here, recent storms on the Black Sea resulted in terrible suffering and great loss of life. Among disasters is the foundering off Eregli, Asia Minor, of the steamship Kaplan, when 110 persons on board perished.

The Rev. H. B. Terry will arrive this week to assume the pastorate of the Third street Methodist church. His daughter Katherine has been ill of pneumonia.

FREIGHT ENGINES MUST PULL HEAVY LOADS HEREAFTER

Rufus Ward, formerly of Murray and Paducah, died at Hopkinsville this afternoon of typhoid fever. Mr. Ward was about 30 years old and leaves a wife, formerly Miss Carrie Holtor, of Murray, and two small children. He was a well known insurance agent with offices in Hopkinsville. Judge Thomas P. Cook, of the Third judicial district, who is a brother-in-law of Ward, was here this afternoon en route to Hopkinsville to attend the funeral.

DR. NEWELL'S FUNERAL

The funeral service of the Rev. Thomas J. Newell, D. D., was held this morning at Brownsville, Tenn., between 7 and 8 o'clock. Dr. Newell was the pastor at Brownsville when he was instrumental in its rebuilding in less than a year, so it was especially appropriate and the church desired it that the last service for him should be from that church. He was buried today at 2 o'clock at Paris, Tenn., where he was also the beloved pastor for four years and where his daughter, Mrs. Richard Dunlap, lives. A number of ministers of the Memphis conference were present to pay the last honor to him and the service was an impressive one.

THEATRICAL NOTES

Dandy Dixie Minstrels. The Dandy Dixie minstrels next Friday will be presented at the Kentucky, a genuine all-colored minstrel aggregation known as the "Dandy Dixie Minstrels." The company has been accorded the indorsement of both white and colored patrons wherever presented in the south. In fact the notices from the southern press are most commendatory for the excellence and cleanliness of the performances by this company.

The Tampa, Fla., Daily Times, of February 18, contained the following notice:

"One of the best minstrel performances ever seen in Tampa was that of the Dandy Dixie minstrels, who appeared at the Tampa Bay Casino Saturday night. Owing to the excellence of the show, the performance will be given tonight. Hundreds of white people enjoyed the performance Saturday night as much as did the colored people in the gallery."

Parsifal.

One of the most striking and beautiful features in the spectacle of "Parsifal" which comes to the Kentucky Saturday, is the flower garden scene with its fascinating flower maidens. This garden, is the creation of Klingsor for the deliberate purpose of seducing the Knights of the Holy Grail from their lives of rectitude and holiness. But it is in the attempted destruction of the soul of the hero himself, Parsifal, where Klingsor puts forth his greatest effort.

IN ADMIRALTY.

Henry Murphy, et al., vs. Gasoline boat "Eunice, etc., in admiralty.

Whereas a libel was filed in the District Court of the United States, for the Western District of Kentucky, at Paducah on the 28th day of October, 1907, by Henry Murphy, et al., vs. Gasoline Boat "Eunice, her engines, tackle apparel, furniture, etc., and owners, alleging in substance that said boat is indebted to them in the sum of \$75 for salvage, and that same has never been paid, and prays process against said Gasoline Boat "Eunice, that same may be condemned and sold to pay said claim with cost and expenses.

Now, therefore in pursuance to the monition under seal of said court, to me directed, I do hereby give public notice to all persons claiming said boat "Eunice, or in any way interested therein, that they be and appear before the district court of the United States in the city of Paducah, Ky., on or before the 2nd day of December, 1907, at 10 o'clock a.m., of that day, then and there to interpose their claims and make their allegations in that behalf.

Bits of Script Bring Premium at
Local Retail Stores—Gold Coins
That Are Dirty.

The money stringency is bringing out all sorts of quaint coins. Gold that bears the unmistakable marks of dirt, showing that it has been buried, paper money with the odor of old soap and odd silver of every description. One man in paying for purchases at one Broadway store this week tendered some script small change. He had a five-cent bill, a ten, fifteen, twenty and twenty-five cent bill, and they were readily accepted. Some of the clerks in the establishment wanted them and paid a premium for them. It is safe to say this is the first paper money of less than the dollar denomination seen for some time in this vicinity.

MAYFIELD.

Burglars got busy in Mayfield Monday night and broke into the coal office of Delbert Gilham, west of the freight depot, and then made an attempt to prize open the south end door of the freight depot.

Entrance to Mr. Gilham's office was effected by breaking the glass in the window. The roll top desk was prized open and somewhat damaged and a tin box containing about \$3 secured. The box, which was locked, was taken out by the burglars and burst open. It was found by Officer Albritton, Waldrop and Delbert Gilham behind some logs near the R. F. Wright tobacco barn in a delapidated condition.

Police officers have been working for a clue since early in the morning but have so far failed to find anything.

For the past two weeks Chief McNutt states that box cars containing merchandise have been entered and after a closer watch will be placed around that section.—Messenger.

Breaks the Record.

Probably the largest hog ever brought to Mayfield to sell was Tuesday when Dick Baffey, of Dublin, brought one to G. L. Rule, the butcher, weighing 550 pounds. This hog brought \$30.70 in cool cash. The hog was dressed ready for the carving knife.

Stroke of Paralysis.

Hon. B. A. Neale is lying at his home, South and Fifth streets, in a critical condition as a result of a stroke of paralysis. His face is affected and he is unable to speak so that he can be understood. Last Friday Mr. Neale suffered a slight stroke and fell in his coal house. He was found there later by Mrs. Neale and conveyed to his room, where he has since been and appears to be growing worse.

Hay Stack Burns.

As a result of either carelessness or pure vandalism a stack of hay belonging to Willard Coles was destroyed by fire, Sunday afternoon in the field across the creek from the fair grounds. There was about 3,000 pounds or more in the stack and was worth \$25 or more. It is supposed that some boys who generally congregate there on Sundays either accidentally dropped a lighted match or set it on fire.

Emergency Brakes Stop Engine With in 15 Feet of Another Train.

Krasnojarsk, Nov. 27.—It develops that the express carrying Secretary Taft's car narrowly escaped a wreck in East China. A switching engine sent an eastbound passenger train on the same track heading toward the express. Both were running thirty miles an hour. It was dark and snowing. The engineer of the express saw a headlight, whistled and applied the emergency brakes. The engines were fifteen feet apart when they stopped. Information of the affair was withheld from the passengers. Secretary Taft was surprised to learn the facts from railway directors, who called on him today.

South Dakota Federal Patronage Settled in Unique Way By Roosevelt.

Washington, D. C., Nov. 27.—The newest method of dispensing federal patronage was exemplified by President Roosevelt. There is nothing complex or intricate in the process, which consists in the simple expedient of drawing lots or tossing a coin.

Senators Gamble and Kittredge, both of South Dakota, have been at swords' points politically for a long time. They are Republicans, but each has sought to eliminate the other from the stage of politics with the result that both still are in the senate all federal appointments have been tied up.

President's Joke Bears Fruit.

At 10 o'clock Senators Gamble and Kittredge met in the president's office. Neither knew the other was to be there.

"Gentlemen," Mr. Roosevelt said, "I have determined upon a simple method of settling your differences. In one hand I hold a long piece of paper. In the other I hold a short piece of paper. Whoever draws the long piece of paper shall have first choice in the appointment of public land officers in South Dakota. There are eleven of these officers to be appointed. The one who draws the long piece of paper shall name six and the other senator may name five."

The president waved his closed fists in the air.

"I will you first choice, Senator Kittredge," he said.

"Left hand," responded Kittredge.

Kittredge Wins First Prize.

The president slowly opened the hand indicated. A strip of white paper lay upon his palm. Then he opened his right hand. The strip of paper that lay upon the right palm was shorter than the other strip.

"You win," Senator Kittredge, he said.

Senator Kittredge smiled. Senator Gamble smiled, too, but it was not a merry smile.

"The next number on the program," resumed the president, "is the selection of two Indian agents."

Senator Kittredge watched the presidential digits out of the corner of his eye.

"You guess again," Kittredge, said Mr. Roosevelt, as he brought his closed fists into view.

"Left," came from Kittredge.

"No, it is Senator Gamble who is

left," cried the president.

Vacancies Vanish Fast.

And so it went. Senator Kittredge was an auditor of the interior department and a bank examiner, while Senator Gamble played the long slip for an internal revenue collector and a district attorney.

The honors, however, were with Mr. Kittredge, and he names the majority of South Dakota federal appointees.

Los Angeles Police Unable to Pay Rail Fare From New Orleans.

New Orleans, Nov. 27.—Scarcity of money to defray the expenses and the numerous bank holidays are the excuses which the police at Los Angeles offered to the police of New Orleans for not sending for a prisoner who has been held here for several weeks at the request of the California authorities. The prisoner, C. M. Barkley, was arrested here on the charge of uttering fraudulent checks. Barkley, who is said to be the son of a wealthy Californian, is also wanted by the police at Agua Calientes, Mexico, on charges of uttering bad checks.

The school building at Twelfth and Jackson street will be completed by the first of next week, all the work being already completed with the exception of a few days' painting. A fire was built in the furnace for the first time yesterday and the test showed satisfactory results.

The boys of the High school are arranging to give a minstrel show during the Christmas holidays and will soon begin rehearsals. The boys hope to repeat the success of last year.

The schools will dismiss this afternoon till Monday on account of the Thanksgiving holiday and the teachers' meeting at Mayfield. Professor Sugg, Superintendent Carnegie and many other teachers of the city are on the program for the Mayfield meeting.

"Potato Day" at the Auditorium rink was a great success and about five barrels of the vegetables were received by the management and will be turned over to the Charity club today for distribution among the poor of the city.

The novel feature put on by the management of the rink brought out a large crowd, the price of admission being one potato, or more if the patrons desired, and many took as much as a peck.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

Boston, November 16.—"Concentrate your mind on the oven," says Miss Teresa McDonald, in explaining the wonders of her art in pastry cooking. She is just celebrating her golden anniversary as a cook, and owing to the record of 394,000 pies baked in forty years at one restaurant, besides scores of other dainties. If all her pies were laid out in a row they would reach seventy miles. She has made 2,000,000 doughnuts in twenty-seven years and 788,400 puddings.

JEFF DAVIS SAYS HE WILL
MAKE ROME HOWL IN SENATE

Little Rock, Ark., Nov. 27.—Senator Jeff Davis left last night for Washington to attend the opening session of congress. In his suit case were two bills which he says he will introduce at the first opportunity. One is a copy of the anti-trust law passed by the legislature of 1905 before it was "emasculated by the last legislature." This "emasculated" bill embraced the repeal of the disastrous insurance clause and the substitution of the Lee Browning bill.

Senator Davis says if the senate does not pass his bill at an early date he will tell the American people what he thinks of the body. The senator's other hobby is the Moore-Hartbill anti-future bill passed by the last legislature. He says when this bill is introduced and put on its final passage, the farmers of the United States will know who their friends are in the United States senate. "He says he will 'make Rome howl' if any effort is made by the senate committee to pigeon-hole his measures."

Daily Thought.

Judge not! What looks to thy dim eyes a stain,
In God's pure light may only be
A scar brought from some well-worn
field
Where thou wouldst only faint and
yield.

—Proctor.

With Chicago and New Orleans
both in the throes of a dry wave, it
may be necessary to dig that irrigation
ditch through the valley more
than 14 feet deep.

SOMETHING DIFFERENT.

Preachers' lives would be awfully
tame if it wasn't for weddings.

Let the other fellow have his way,
as long as it is only talk.

You don't take any stock in all
this criticism of our \$10 gold pieces?
"None whatever," answered the
young man who has read law. "In
my case it's mere hearsay evidence."
—Washington Star.

The only thing I can recommend
in your case," said the surgeon, "is
a long journey."

"Well, if it's to be, Doc," the patient
groaned, "get out your whit-
ing tools and go ahead with the op-
eration!"—Chicago Record-Herald.

WHAT OF THAT?

"Tired! well, what of that?
Didn't fancy life was spent on beds
of ease,

Fluttering the rose leaves scattered
by the breeze

Come, rouse thee! work while it is
called today!

Cowards, arise! go forth upon thy
way.

Lonely! and what of that?
Some must be lonely! 'Tis not given
to all

To feel a heart responsive rise and
fall,

To blend another life into his own
Work may be done in loneliness.

Work on!

Dark! well and what of that?
Didst fondly dream the sun would
never set?

Dost fear to lose thy way? Take
courage yet!

Learn thou to walk by faith and not
by sight;

Thy steps will be guided and
guided right.

Hard! well, what of that?
Didst fancy life one summer holi-
day,

With lessons none to learn, and
nought but play?

Go, get thee to the task! Conquer
or die!

It must be learned! Learn it then
patiently.

Remember we are closed
all day Thanksgiving.

No Help! Nay, it's not so!

Though human help be far, thy God
is nigh,

Who feeds the raven, bears His
children's cry.

He's near to thee, whereso'er thy
footsteps roam,

And He will guide thee, light thee,
help thee Home."

The last Republican general coun-

off Paducah had made excellent pro-
gress in the way of municipal im-
provements, and the city's streets and
sewers and lighting plant equipment
stand as monuments to the ex-
pacity of the boards. By rigid econ-
omy and scrupulous exactness pro-
gress may continue gradually; but
the sanitary situation really more
urgently demands attention just now.
Garbage removal and disposal are
inadequate and growing more so,
and the streets require sprinkling
in the summer. The budget is made
up in the winter, when no complaints
are heard about such matters. Coun-
cilmen and aldermen and the mayor
have only in mind ways of cutting
down expenses, and as the needs of
the sanitary and street sprinkling
departments are not pressing in the
winter, they usually are slighted.

The new boards will have these
matters to attend to as soon as they
organize, and they won't have time to
consider anything but the weeding
of the pruning hook then. So let
the members be warned and give
thought to the summer in advance.

It is a source of gratification to
Paducahans to know that this city
will keep \$100,000 of the state's
cash on deposit here. The announced
appointment of the Citizens Savings
bank as a state depository by State
Treasurer-elect Edwin Farley meets
with the approval of his fellow town-
men. Western Kentucky is entitled
to a large deposit of the state fund,
and Paducah is the principal city.

At seventy Andy Carnegie finds
himself further from the goal of his
ambition than at sixty. He is richer
than ever. If being rich and wishing
to be poor, is as harrowing as
being poor and wishing you were
rich, Andy has the sympathy of the
great body of his countrymen.

THE PHILOSOPHY OF IT.

E. P. Weston, the professional pe-
destrian entered Chicago today, after
his walk from Maine, and was re-
ceived with great acclaim. He didn't
do anything but walk there. He accom-
plished no good along the way.
His time and manner of walking will
not be of any value to posterity. It
will not revolutionize the methods
of transportation, nor minimize the
dangers of travel. Every hour gilded
palace cars pour their human freight
into the narrow chutes of Chicago
streets, and the individuals are swal-
lowed up in the crowds of the city,
unnoticed except by confidence men
and highway robbers. Some of them
are men of more prominence than Weston. All are just as good
citizens. And, yet, they will be igno-
red, while he will be interviewed and
taken in an automobile to see
how the stock yards have grown in
40 years. It discloses a great prin-
ciple of human nature. If you would
attract attention, ride where
others walk, or walk where others
ride.

STATESMEN HAVE TILT.

Bryan and Senator Daniel Air Griev-
ances in Hotel.

Washington, D. C., Nov 27.—Sen-
ator Daniel and William Jennings
Bryan had a sharp passage at arms in
the lobby of the New Willard

which resulted in the abrupt termina-
tion of the conversation. The two
distinguished Democrats met as Sen-
ator Daniel walked over to the ele-
vator from the cigar stand. The

greeting and handshakes were not
marked by excessive cordiality. The
conversation proceeded along some-
what conventional lines, apparently,

for a moment or two, but bystanders
heard enough of the conversation
then to show that politics had been
broached.

Senator Daniel made some allusion
to the course of Mr. Bryan at the St.
Louis convention in 1894, in which
the Nebraska statesman had tried to
force his ideas into the platform. Mr.
Bryan remarked that the platform
ought to have been satisfactory,
since the senator was chairman of
the committee on resolutions which
drew it.

Senator Daniels replied that Mr.
Bryan had forced certain things into
it, and kept others out of it, threat-
ening that he would not support the
ticket if certain things were not
done.

"You must learn to stick to your
party, sir," said the senator.

The reply of Mr. Bryan was not
intelligible, and then the senator
responded:

"You must cease to take your
ideas from the Independence league."

"Oh, well," replied Mr. Bryan, "if
we are to discuss the source of my
ideas, the conversation had better
cease."

And the two statesmen separated.

Although Senator Daniels was one
of the foremost supporters of Mr.
Bryan when the latter made his first

campaign for the presidency in 1896,
the two have not been able to hit it
off well of recent years.

UNKIND STEPMOTHER Removes Bed Clothing and Deserts Sick Young Man.

Mayfield, Ky., Nov. 27.—The
strangest call on local records came
to the police when they were asked
to come and protect a man seriously ill
with typhoid fever from the un-
kindness of his step-mother. E. H.
Harrell, a young man 25 years of age,
and his young sister have been living
with his father's second wife, since
the father died, last summer.

Mrs. Harrell decided to desert the
step-children by moving to another
part of town, and loaded nearly all
the household goods on a wagon,
leaving the sick man lying on a bare
mattress, with no quilts over him, and
in a barren room. When the quilts
were taken off her sick brother the
little girl ran to a neighbor's and
called the police. Mayor Watts soon
arrived with an armload of quilts and
charity will look after them.

Washburn-Mitchell Wedding This
Morning.

A beautiful home wedding characterized by a charming individuality and the grace of simplicity, was the marriage of Miss Etta Carle Washburn and Mr. Silas E. Mitchell this morning at 8 o'clock at the home of the bride's mother, Mrs. Eva J. Washburn, 1925 Madison street. The families and a few intimate friends of the young couple witnessed the ceremony, which was impressively pronounced by the Rev. G. W. Banks, of the Trimble Street Methodist church. Miss Mabel Mitchell played the wedding march.

The bride and bridegroom stood in the arched double doorway between the hall and parlor under a cluster of mistletoe. Ferns outlined the doorway and effectively decorated the hall. The parlor was a pretty symphony of white and pink carnations and ferns. The bride, who is an especially pretty and winsome girl, looked charming in an artistic traveling costume of brown cloth with a silk blouse of harmonizing shades. She carried a shower bouquet of bride roses, lilies of the valley and asparagus ferns. Mr. and Mrs. J. F. Nichols, of Bardwell, a sister and brother-in-law of the bride, were the matron of honor and best man.

TWO STORIES

**DIFFER AS TOLD BY MOTHER
AND BY HER SON.**

**Mr. George Mayer Shoots and Kills
Her Husband in Their Home in
Chicago.**

**Chicago, Ill., Nov. 27.—George
Mayer, a proof reader on a local news
paper, was found dead at his home,
4336 Champlain avenue this after-
noon from the effects of a bullet
wound.**

Mayer told the police that the
shooting was accidental, saying the
weapon was discharged when her
husband attempted to wrest it from
her. The fatal struggle was witnessed
by their two children, Robert,
aged 7, and William, aged 2. The
elder boy gave the authorities a ver-
sion of the affair which differs from
the story told by his mother. He
does

clared his mother started to quarrel
as soon as his father entered the
house. The boy said his mother
threatened to shoot his father and
the latter attempted to seize the
weapon.

Mayer said her husband was
intoxicated and began to quarrel.
She showed him the revolver, telling
him she had purchased it because he
had threatened her life. Mayer
grappled with her and when the re-
volver was discharged fell dead with
a bullet in his brain. The mother
sent the older boy to the police station
for help and when the officers
entered the house they found Mrs.
Mayer pacing the floor with the
younger child in her arms. The
boy's face was smeared with blood,
he having kissed his father after the
shooting. Mrs. Mayer is being held
by the police pending the outcome of
the coroner's inquest.

The occupant of an adjoining apart-
ment detected fumes coming from
Senor Bombalier's rooms shortly be-
fore 8 o'clock, and when it was
learned that the diplomat had been
seen to enter a short time before, the
police were called and an entrance
was forced.

Bombalier was found lying uncon-
scious upon his bed, with the gas
flowing freely from four jets. He
was fully dressed. On a table nearby
were two notes, written in Spanish.
One was addressed to Senor Padro,
charge of the Cuban legation, and
the other was a public letter, which
read:

"Good-bye to everybody. I am going
to leave this world because I have
not the courage to endure it." —
Senor Padro, hastily summoned,
had his friend removed to the hos-
pital. Senor Bombalier is about 25

been popular among members of the

have prompted him to attempt his
life. His friends will not discuss
this.

PANAMA CANAL

**REPORT SPEAKS FAVORABLY OF
HIRING LABOR DIRECT.**

**First Detailed Account of Operations
Under Government Supervision
Received.**

Washington, Nov. 27.—Full details of the work done on the Panama canal during the fiscal year of 1907, with a showing of what has been accomplished since the project has been in American hands, are disclosed in the annual report of the Isthmian canal commission, made public today. It is the first report made of the operations on the Isthmus since the construction work has been in charge of army engineers. Aside from \$50,000,000 paid the French company and to Panama an aggregate of \$48,285,110, has been expended by the government on the project adopted by congress, and while it was estimated by the board of consulting engineers would ultimately cost \$139,705,200.

There is no reference in the report to the proposition brought forward to extend the width of the locks to 110 feet so as to accommodate, without difficulty, the extreme breadth of the development of ship building and this will be made the subject of a special communication from the commission. A strong position is taken favorable to the continuation of the policy of doing the work by hired instead of by contract labor, a step at one time seriously considered by the administration, and many arguments are presented to justify the commission in its conclusion that the canal can be built better, cheaper and more quickly by the government.

Sanitation, upon which so much depends for the comfort and health of the employees, is treated of in the report, and a statement is made of what has been done, and the declaration made that there was no yellow fever originating on the Isthmus during the year.

As bearing on the question of the suitability of the foundations for proposed lock sites, the report quoted from the conclusions of the consulting engineers who made a personal examination of the material at the lock sites, and who found that all of the locks of the dimensions then proposed (85 foot level canal) would rest on rock of such character that it would furnish a safe and stable foundation.

FRENCH KILL 1,200 TRIBESMEN.

**Arab Forces Make Fierce Attack on
Camp and Meet With Repulse.**

**Maghnia, Algeria, Nov. 27.—Ten
thousand of the fiercest Nassen tribes-
men swooped down on the French
camp yesterday and were beaten off
with a loss of 1,200 killed. The
fighting continued for a long time,
and was conducted on the part of the
tribesmen apparently with total dis-
regard for their lives.**

At one time the French infantry
were in danger of being surrounded,
but they finally disengaged them-
selves from their perilous position
by a most brilliant charge of the
Spahis. The rout of the Arabs was
completed by vigorous shelling by
the artillery. The French loss was
eight killed.

The Arabs were not discouraged
by this severe repulse, but reformed
their forces and in addition directed
their efforts to rousing other tribes.
The fighting was resumed today. The
result of the battle now on are un-
known at present.

Montaville Flowers' Recital.
Quite a representative audience
listened to Mr. Montaville Flowers' interpretation of Ben Hur at the Woman's club last night. Mr. Flowers is a finished elocutionist and a scholar, as shown by his intelligent grasp of the plot and story of General Lew Wallace's masterpiece. Mr. Flowers' voice is deep, well modulated and under complete control. His rendition of the dramatic passages in the dialogue, especially the famous chariot race, was stirring.

Satan Sanderson

Satan Sanderson is the true embodiment of the requisites that make a really great story. It gives the reader a look into a little world of action where all of the emotions that make or mar life—and lives—are set in swift, exciting play—one against the other. Incident follows incident with quick succession, and a vivid panorama of intrigue, mystery, love and strange adventure kindles the interest to the fusing point.

Written in a charming style, brilliant in coloring, picturesque in background, faithful in characterization and intensely dramatic, with stirring climax, Satan Sanderson is by all odds the best story of the year.

NIGHT RIDING

CHARGE MADE AGAINST FOUR PROMINENT MEN.

One Accused of Arson, Two Destroying Plant Beds and One Conspiracy.

Clarksville, Tenn., Nov. 27.—A sensation has been caused in this section over the arrest of four prominent citizens of the county on the charge of being connected with one of the depredations in the dark tobacco district. The grand jury has returned indictments against George Sanders, charging him with arson, destroying a tobacco crop and destroying tobacco plants. James Cross and Dr. S. M. Hoskins are charged with destroying tobacco plants and Dave Winters is indicted for an alleged conspiracy in connection with the matters resulting from the tobacco situation. The case against Sanders is the outcome of an investigation made of the burning of a general merchandise store at Frederica, entailing a loss of several thousand dollars. The store was owned by W. E. Wall, who is a non-association man, and was set on fire after he had been repeatedly warned to join the association. On the same night eight acres of tobacco was pulled up and previous to this time tobacco plant beds were ruined. All of the men except Winters are alleged to have taken part in the destruction of tobacco and tobacco plants.

The greatest interest has been taken in the trial which is set for next Friday, and Judge Tyler has ordered a special venire of forty men summoned, which, with the regular jury, will make a full panel of fifty-two men. Of the extra jurors, twenty will be selected by the sheriff and twenty by one of the sheriff's deputies. The names are to be handed to the sheriff before Tuesday, when they will be held subject to inspection by counsel for both the prosecution and defense. Objections to any of the men composing the venire will be heard Wednesday morning, and if the objections are sustained, Judge Tyler will select other men to fill the vacancies.

On account of the interest in the trial throughout the dark tobacco district, it is expected that hundreds of farmers will be in attendance.

PUTS BLAME FOR 27 DEATHS ON DU PONT POWDER CO.

Englishman Who Engaged 100 Secretaries in Pittsburgh Fooled.

Pittsburgh, Pa., Nov. 27.—Oscar Frederick Spade, alias Reginald Spaulding, the young Englishman who was arrested on Saturday at the Hotel Heinz after having made appointments with over 100 young men who desired to become his secretary on a world tour, each to furnish \$5000 admitted today that he formerly lived in New York and Buffalo, and had operated in both places.

Spade was taken to a Bertillon operator, Joseph Linden. He became dejected, and said that if he had an opportunity he would make away with himself.

Linden affected to take Spade seriously, and, saying he also was a member of a suicide club, offered to help him. Linden sent for some Epsom salts, and, preparing a glass, handed it to the despondent Spade, who thought it was poison and drank.

Death did not come as expected, and in a short time Spade felt bright, and laughed when he found the joke.

At the hotel where Spade had arranged for interviews with his prospective secretaries, there was a continuous stream of people inquiring for him. Each applicant had his \$500 cash forfeit ready, and it is estimated that had Spade not been arrested he would have had between \$25,000 and \$50,000 before night.

PROPOSES ROLE FOR Y. M. C. A.

Bring About Better Feeling Between Employer and Employee.

Washington, D. C., Nov. 27.—Secretary Oscar S. Straus spoke at the Y. M. C. A. convention today, taking as his theme, "The Association and the Workingman." He expressed the hope that the association might bring about closer relations between employer and wage worker. He said that there was no lack of present day problems, but that this condition was not because there were more wrongs than in the past, for the rights of the man were never more jealously guarded. Better wages, said the speaker, are paid and more comforts are enjoyed.

The secretary declared that relations between employer and worker cannot be measured by economic laws, but must be determined by the high principles of humanity.

Other speakers today included Christian Phildiss, of Geneva, Switzerland, secretary of the world's committee of the Y. M. C. A.; J. H. Puttill, general secretary of London, England; Representative Virgo, of the national council of the Y. M. C. A. of Sydney, Australia, and Dr. Kumetaro Sasao, of Japan.

IS RHEUMATISM CURABLE NOW?

Science Proves it a Symptom of Kidney Trouble and Easliy Relieved.

GIVE THIS RECIPE.

Recent hospital reports show that the dread disease, rheumatism, is steadily increasing throughout the country. All known means of relief are being suggested to save the great amount of suffering this winter, especially among those who are not in a position to pack up and visit the noted health resorts to be treated. Recent tests prove rheumatism not exactly a disease in itself, but a severe symptom of kidney trouble, a condition caused by clogged up pores of the eliminative tissues in the kidneys which fail to filter the poisonous waste matter and uric acid from the blood, permitting these substances to remain in the veins and decompose, usually settling about the joints and muscles, causing the intense pain, swelling and stiffness of rheumatism.

A well-known specialist, who has probably treated more cases of rheumatism than anyone else, and who is also the most successful, gives the following simple treatment, which is harmless and inexpensive, and so simple that anybody can mix it at home.

The ingredients are: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Go to any good prescription pharmacy and get these three vegetable ingredients and mix them by shaking in a bottle, taking as a dose a teaspoonful after each meal and again at bedtime.

There is nothing better in the world for backache, kidney and bladder trouble, too. Such symptoms as frequent and painful urination, soreness, weakness, general and nervous debility are caused by certain acids and poisonous waste matter, decayed tissue, etc., in the blood, which the kidneys will clear and purify after a few doses of this prescription.

PUTS BLAME FOR 27 DEATHS ON DU PONT POWDER CO.

Terre Haute, Ind., Nov. 27.—Utter disregard of human life is charged by Coroner Leavitt against the Du Pont Powder company in its verdict in the case of the Fontanet Powder mills explosion, in which 27 persons were killed, more than 100 injured and the town of Fontanet practically demolished.

The verdict, in part, is as follows: "This factory was operated with utter lack of regard for human life or safety for others. The magazine was located at such a short distance from all the other units of the factory that it made each and every man employed at the mercy of any other employee or negligence of one could kill or injure all."

The verdict also recommends enactment of stringent laws to prevent such disasters in the future.

Doan's Ointment has soothed hundreds.

Here is what one Paducah citizen says:

J. R. Womble, of 1162 Broadway, Paducah, Ky., says: "For years I was a sufferer from Itching Piles in a very severe form. They were the plague of my life. When I would get heated up they would annoy me terribly and at night I could get no rest. I have often got up and walked around the room. I believe I have tried nearly every remedy that has been on the market but nothing ever gave me the desired relief until I got a box of Doan's Ointment at Dr. Bots & Co.'s drug store. The very first application gave me relief and after the second day I could go to bed at night and sleep as peacefully and quietly as anyone. The one box cured me entirely. It is now about three months since I used it and there has been no sign of a return. I also used the ointment on my hand for a sore and found it very healing."

(From a statement given in 1900.)

A Lasting Cure.

On Feb. 18, Mr. Womble confirmed the above statement by saying: "I gave a statement in 1900 telling how Doan's Ointment had cured me of a severe case of Itching Piles. I am glad to confirm that statement at this time as the cure has been lasting. Doan's Ointment is certainly a superior remedy for this trouble or any skin affection."

DEFENSE SCORES

COURT RULES OUT PART OF MCLEAN'S TESTIMONY.

More Witnesses in the Walsh Case Deny Signing Memorandum Notes.

Chicago, Nov. 27.—The cross examination of Frederick W. McLean, former cashier of the Chicago National Bank, gave the attorneys for John R. Walsh an opportunity to score several points today. The most important came when the explanation by McLean of reports to the Chicago Clearing House association was excluded by the court on the ground that the former cashier had not personally made out these documents.

The objection by the defense came after McLean had testified that Walsh had directed him to treat the numerous memorandum notes of the bank as direct loans to the parties whose names were signed to them in the bank reports sent to the clearing house and to the controller of the currency. The Walsh attorneys argued that as McLean had not made out the reports in question himself his testimony regarding them was incompetent, and this view was upheld by Judge Anderson. Under cross examination McLean admitted that the bank examiners were familiar with the memorandum notes and knew the collateral on which they were based. He also admitted that he did not turn over cashier's checks to Walsh personally, but gave them to the banker's private bookkeeper, B. B. McKay.

LONE FARMER IN AFRICA.

A German Pioneer Tells of Chances North of the Zambezi.

A German farmer named H. G. Koch has been tilling the soil for four years about 100 miles north of the Zambezi river in Central Africa. No other farmer lives within fifty miles of him.

There are not twenty European farmers in the whole, Northwest Rhodesia, a country four times as large as the State of New York. Koch is a pioneer.

He likes the soil and the climate, and is there to stay. His farm is as near the equator as the north part of Central America, but it stands 4,000 feet above the sea and the heat is less oppressive than in many southern regions.

A few weeks ago Koch talked to a convention of farmers in Southern Rhodesia. They were interested in his story, for he is the first man competent to give valuable testimony on the farming conditions beyond the Zambezi.

He told them he had settled on the surveyed line of the Cape to Cairo railroad, for he knew he could sell his produce when the railroad reached him. Taking in a wagon and a few head of livestock he roamed northward, following the stakes of the surveyors, till he reached a region that exactly suited him. There he built a little shack and began to use the plow and other farming implements he had brought with him.

Koch says that the best plow land in the colony is a rich, deep black loam, found in the valleys and in patches of from 100 to 2,000 acres at through the country. It grows the finest corn he ever saw.

Then a gray sandy loam is well adapted for the cultivation of tobacco, cotton and potatoes. All crops with proper cultivation grow splendidly. Garden truck can be raised the year round, and he is raising wheat in winter with success.

A third kind of soil is suitable only for pasture. Grass grows in abundance, cattle keep in good condition the year round, and the climate at that high altitude is mild and pleasant.

Koch's faith has been justified. The Cape to Cairo railroad has been built 100 miles beyond his door. The little station of Kalomo has sprung up near his farm. He has a market for all he can raise.

He pays native laborers from \$1.25

to \$2.50 a month, and thinks his men compare favorably with black labor in Cape Colony. He has no doubt, now that the railroad has been completed to the Broden Hill copper mines, that more farmers will come into the region.

NEED NO WIDENING.

Chairman Tawney Says the Panama Canal Locks Are All Right.

Washington, Nov. 27.—During his recent visit to Panama in connection with the house committee on appropriations, Chairman Tawney became convinced that there is no necessity of widening the canal. He says that if continued in accordance with the present plans the canal will accommodate vessels 89 feet wide, whereas the widest vessels now proposed are only 85. Tawney says an outlay of six million dollars will be necessary to give the canal any appreciable increase in width and he is of the decided opinion that such an expenditure will not be necessary.

New York, Nov. 27.—During the government's investigation of the American Tobacco company before United States Commissioner Shields today, Thomas B. Yulie, head of the leaf buying department, told how the company fixed the price paid growers in order to regulate the supply. A committee of four directors, he said, determines the company's purchasing policy. The buying is started at an average price which is raised if the leaf is coming in slowly and lowered if the supply is too great.

According to his testimony, the American Tobacco company has buyers in every market in the United States, but does not attempt to control its competitors' buying in any of them. The chief competitor, Mr. Yulie said, were the Imperial Tobacco company of Great Britain, and the R. J. Reynolds Tobacco company.

New Stations Reduce Fare.

Guthrie, Okla., Nov. 27.—An order will be issued tomorrow by the corporation commission requiring Oklahoma railroads engaged in interstate business to build stations at all state lines. The interstate passenger rate is 3 cents, in spite of the fact that in many states the maximum rate is the same as in Oklahoma—2 cents.

Unable to change the schedule, the corporation commissioners have resorted to the state line station plan as the only solution.

At these intersection stations passengers shall be allowed to buy tickets at the local rates and recheck their baggage.
